

Innovative Energy-Saving Emission Reduction
Leading The Recycling Economy

Product Launch Of **LR1711-100** Magnetic Latching Relay

Dear colleagues,

We are pleased to announce that new series magnetic latching relay **LR1711-100** will be launched on **1 June 2017**!

LEADING THE RECYCLING ECONOMY
[INNOVATIVE ENERGY-SAVING EMISSION REDUCTION]

100A
277VAC
9V
1.5W
UC3

GB/T 14598
IEC 60943
IEC 60950
NMM 6-1

Oldiang
Oldiang Smart Electrical Co., Ltd.

FEATURES

- ☐ With UC3 standard certification;
- ☐ Applicable environmental temperature: $-40^{\circ}\text{C} \sim +90^{\circ}\text{C}$;
- ☐ Highly reliable under overheat and overload conditions, functions in 120°C after passing 120A current for a long period;
- ☐ Wildly used in energy meter and compound switch;
- ☐ Fast response time: 7ms AC half wave drive;
- ☐ Conform to the GB/T 14598、JB/T 10923、IEC 62052-31 and NMIM 6-1 standard;
- ☐ Meet the requirements of temperature rise test;
- ☐ Comply with the RoHS environmental protection requirements.

CONTACT LOAD

Rated load (resistive) : 100A 277VAC;

Contact material : AgSnO₂;

Max switching current : 100A;

Max switching voltage : 440VAC;

Max switching power : 44000VA.

TARGET MARKET

The main application sector is Energy control market. Civilian building and factory and family and mini commercial building are main target customers.

PRICE

The price of the product is being made.

CHANNEL

Company sales, domestic and foreign customers.

For more information about new products, please email to : **Oldlang_sale@163.com**.

Thank you for your attention and great support!
